Dryers

XXXX Dryer

- 2 or 4 bed desiccant dryers or hot air dryers available
- 2 bed features: dual bed design saves valuable floor space
- 4 bed features: best solution for faster drying of difficult materials
- Continuous air flow at constant dewpoints, 40 degrees F or lower
- Easy change filters
- No mechanical moving parts
- Electric valves used for switching beds, 5 year warranty (no air required)
- PLC control standard on 2 bed dryer
- Temperature based regeneration allows consistency in temperature, dewpoint and low energy consumption
- Electric valves used for switching on 4 bed dryer with 5 year warranty
- Temperature set back feature
- Process and regeneration status
- High temperature alarm & shutdown
- Programmable in English units or metric units
- Built in diagnostics with heater and thermocouple monitoring
